PROJECTA
Screens for Professionals

SUGGESTED SPECIFICATIONS

Electrically operated projection screen 230 volt (50Hz) with a usage of no more than 0.43 Ampere. The motor is mounted on the left side in the steel casing with rubber dampers to reduce sound. The motor is mounted inside the roller, 4 wire, 28 rotations per minute, maintenance free, integrated brake and thermal overload cut-out. The end positions are pre-set, but can be adjusted afterwards. The 4 wire connection is integrated into the end cap and can be connected to the electric installation with the connector and standard cable. Suitable for wall and ceiling mounting with the supplied flexible mounting brackets (50cm). The steel square casing (8,8x8,8cm) is galvanised on the inside and on the outside powder coated with a matte structure coating (RAL 9016). The grey end caps close the casing on both ends. The triangular slat bar closes off the bottom of the casing completely. The screen fabrics are flame retardant and seamless. The projection surfaces are standard with an extra high, black top border to allow adjustments to the ideal viewing height. The other borders are 5 cm. The projection fabrics have a black backing. Standard 3 position wall switch is supplied. The projection screen is tested and monitored by the TÜV/GS programme (EN 60335-1: 2002+A1+A11+A12+A2+A13, EN6035-2-97:2006, DIN 19045-5/01.84 and ZEK 01.2-08/12.08) and CE marked and satisfies the strictest quality and safety requirements.

SCREEN SURFACES

All screen fabrics are seamless.

Matte White; Gain 1.0, viewing angle 120°, Flame retardant, max. height 240 cm, max. width 300 cm.

High Contrast; Gain 1.0, viewing angle 100°, Flame retardant, max. height 240 cm, max. width 240 cm.

CUSTOM SOLUTIONS

Give exact the sizes of the projection screen you need:

Viewing size: _____ Height (cm.) x _____ width (cm.) Surface: _____

Border top: _____ (cm.) Border bottom: _____ (cm.)

Border left: _____ (cm.) Border right: _____ (cm.)

RAL color case and plastic parts: RAL _____

☐ Screen fabric mounted reversely

☐ Motor positioned on right side

Remarks: _____

ACCESSORIES FOR OPERATION

- Easy Install RF remote control (868,3 Mhz)
 - Easy Install wireless projector coupling (868,3 Mhz)
 - Easy Install wireless RF wall switch (868,3 Mhz)
- Easy Install RF remote control with projector coupling (868,3 Mhz)
- Easy Install projector coupling with cable (868,3 Mhz)
- Easy Install IR remote control (868,3 Mhz)
- Easy Install plug & play relay box with potential free contacts (868,3 Mhz)
 - Easy Install plug & play RS232/RS422 control kit
 - Easy Install plug & play RS232/RS422 with IP control kit
- Keyswitch

ACCESSORIES FOR MOUNTING

- Ceiling brackets (100 cm.)
- Set extension brackets (75 cm.)
- Set extension brackets (30 cm.)
- Set extension brackets (10 cm.)
- Set wall clamps
- Bracket kit for easy mounting in soffit
